The mayor attended to his duties as usual, and says he never was in better condition in his life to cast the first ball at the opening of a league season.

They were their new white suiforms and presented a fine appearance. Connaughton suggested that they practice sliding into second base, and took a header down the line that fore up dirt for several yards and gave his suit a streak of black that was anything but picturesque. According to league rules the teams wear white suits at home, their regulation uniforms abroad. Between deals the other day, President Pulliam, of Louisville, got off the following "Sunday school" yarn: "A little Sunday school scholar had prepared her lesson, which was about the sluggard, who oversleeps himself. After the class had recited the printed matter in the Sunday school books, the teacher asked the little tots if they knew what was meant by a 'suggard. 'Oh! yes,' said the little maid; 'Duckey Holmes, of our ball icam, is a sluggard. My father says so. He says Duckey Holmes is as good a sluggard as Clark, and a better sluggard than Pickering.'

Professes to Be Disappointed Because the Latter Has Ignored His "Challenge."

Boston, April 21 .- John L. Sullivan is very much disturbed by the manner in which Champion Fitzsimmons disposed of his challenge. The big fellow, who is playing in Louisville, Ky., has written a letter to his backer and manager, Frank V. Dunn, of this city, hi which he says:

"My challenge to Fitzsimmons is meant, and goes on record. It is no advertising scheme on my part, but a purely business proposition. The money posted provesfaithfulness on my part, and is evidence of confidence on my part, and is evidence of confidence on my part that I can beat him to a dead certainty.

"I want the public to know that I never laid down or quit in my life, which is more than Fitzsimmons can say. All his talk to the public about his not paying any attention to me does not go, I will make him pay some attention to me, and Jaiian as well. his challenge. The big fellow, who is play-

Chief Arthur Disappointed. Cleveland, O., April 21.—Chief P. M. Ar thur.of the Brotherhood of Locomotive En ineers, feels very much disappointed over he action of the supreme court in the case

ontempt of court in the Ann Arbor strike Engineer Lennon was aware that an in-"Engineer Lennon was aware that an injunction had been issued, but had not been served with a copy of the proceedings," said Mr. Arthur. "His crime consists in leaving his train on the track when he discovered that he had an Ann Arbor car in it. We carried the case to the highest tribunal in the land, and bow to the court's decision. The supreme court's decision sustaining the contempt proceedings establishes the fact that it is not an employe's action in quitting work, but the manner in which it is done, that constitutes contempt. All decisions hold that an individual has a right to leave the employ of another, but the manner of quitting must be guarded."

Suft Against Vandalia.

Indianapolis, Ind., April 21.—Judge Woods, in the United States court to-day, decided that the state of Indiana may bring suit in the state courts against the Varialian Raffroad Company under an act of the last legislature to decide what amount the railroad company owes to the state on account of the school fund. The court refused to allow the receiver of the Vandalian Railroad Company to be made a party in the suit, though he may testify as a witness and submit his accounts in evidence. The court refused to allow the state to file an intervening petition to try the case in the federal court should permission be denied to try in the state courts mainly on the ground that the state can prosecute its claim in the state court against the railroad company itself.

Chicago, April 21.-Considerable bad feel-Chicago. April 21.—Considerable had feeling has developed among the Western

until a definite arrangement had been arrived at concerning rates and methods of
routing. Now it is reported that some of
the roads have contracted large parties in
the East. It is not alleged that the agreed
rate has been ent, but the fact that contracts have been made relieves the other
reads, it is claimed, from their obligations
to maintain the agreed rate. A general
demorralization may result from the presdemoralization may result from the ent friction.
